

**MWH
Treatment
Limited**

**Policy
Statement**

MWH Treatment believes that Business Continuity Management is a core component of good governance, critical to safeguarding our reputation, and demonstrates our commitment to minimising the effects of disruptive events to our business and to local communities. Our Business Continuity Plan is part of our Integrated Management System and is applied across the company covering all our offices and Regions.

MWH Treatment will:

- Monitor and update its business continuity processes and plans to ensure continual improvement, including undergoing regular internal and external audits as required.
- Appoint an Incident Response Team to take proactive measures to identify risks and plan to mitigate those risks through effective Business Continuity Plans and protocols.
- Develop and maintain an effective Business Continuity Plan and undertake tests and exercises to assess the completeness and robustness of our systems.
- To minimise the effects if a major disruptive event occurs, consult, and co-operate with emergency services, local authorities, security services, the NHS, and other stakeholders.
- Communicate in a timely fashion, throughout a major disruptive event, to keep our staff, clients, suppliers, subcontractors, and other stakeholders informed.

This statement will be available on the company intranet, in workplaces where appropriate and is available to interested parties.
