

MWH
Treatment
Limited

Policy
Statement

MWH Treatment Ltd is a leading design and construction company operating within the environmental sector. It specialises in the design and construction of water and wastewater treatment plants.

MWH Treatment's objective is to operate a "best in class" approach when procuring goods and services. This enables it to obtain the "Best Value" that it can from its supply chain.

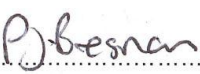

"Best Value" encompasses consideration of elements such as purchase price, programme, quality, reliability, logistics, operating cost, maintenance requirements, security of supply, sustainability (including carbon), environmental impact and, the health and safety of all involved.

Our policy is to:

- Align ourselves with the requirements of our clients and other stakeholders to ensure their objectives are understood, communicated and achieved.
- Provide cost effective procurement solutions through effective and optimised engagement, and management of internal and external resources within the supply chain.
- Build long term, mutually beneficial and trust-based relationships with selected suppliers and, in all cases, treat suppliers with respect, fairness and honesty.
- Learn through collaboration, knowledge capture, effective communication and regular feedback in order to improve services and performance. This approach shall promote carbon reduction and provide the opportunity for innovative sustainable solutions.
- Promote and develop sustainability and responsible business within the supply chain, including:
 - Adoption of the principles of ISO20400: 2017 Sustainable Procurement.
 - The use of fair and ethical procurement practices throughout our supply chain
 - The promotion and adoption of sustainable practices including supporting a circular economy, including material selection and use of energy and natural resources
 - Working with suppliers to set measurable carbon reduction targets
 - Working with suppliers who take measures to prevent modern slavery and human trafficking.
- Comply with legislative requirements, contractual obligations and the Chartered Institute of Purchasing and Supply (CIPS) guidance on professional practice.

Our management is responsible for ensuring that this statement is understood and implemented at all levels of the organisation.

Our employees and supply chain shall play an active role in supporting MWH Treatment in the implementation of this policy.
