

**MWH
Treatment
Limited**

**Policy
Statement**

Care of the environment and the community is important to MWH Treatment, as part of our 'Sustainable and Responsible Business' approach. Our company purpose is to make a positive difference to the environment, our people, our clients, their customers and the communities we live in and serve, by creating a safer, sustainable future. This is reflected in two of our company values of "Safe, Well and Sustainable" and "Trust, Integrity and Respect" The Considerate Constructors Scheme Code is adopted to assist in providing focus to achieve our purpose.

Our sites will comply with the Considerate Constructors Scheme's Code of Considerate Practice:

- **Respect the Community**

We will manage our impact on our neighbours and the public to support a positive experience. We will use courteous and respectful language and appropriate behaviour in and around our construction activities. We will provide a safer environment, preventing unnecessary disturbance, and reducing nuisance for the community from our activities. We will proactively maintain effective engagement with the community to deliver meaningful positive impacts.

- **Care for the Environment**

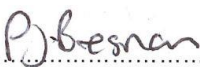

We will prioritise environmental issues to protect and enhance the natural environment and minimise negative impacts. We will optimise the use of resources, including minimising carbon throughout the value chain. We will engage with the community to improve the local environment in a meaningful way.

- **Value our Workforce**

We will create a supportive, inclusive, and healthy workplace. We will actively encourage and support an inclusive and diverse workplace. We will proactively support safe working, mental and physical wellbeing. We will provide workplaces that are well maintained, clean and secure from physical and biological hazards.

We will ensure that everyone associated with our sites understands and complies with the CCS Code. We shall implement the Considerate Constructors Scheme in conjunction with our business systems and in compliance with our management system for Environment (ISO 14001), Occupational Health and Safety (OHSAS 18001) and Quality (ISO 9001).

This Policy Statement will be displayed on site notice boards.
